Why is a credit union a better banking option?

Credit unions are member-owned

So what does it mean, anyway? It means that each member of the Credit Union (including you) is a part-owner of the cooperative.

Credit unions are not-for-profit

That means credit unions aren't looking to make money at their customers' expense. Instead, your credit union returns profits to the members-owners of the cooperative (that's you) in the form of lower rates and no (or lower) fees.

Member Preferred is here to serve you and your family with better, lower cost options when it comes to your accounts, loans, and services. We thank you for turning to us for all of your financial needs.
