## FRAUD ALERT: Coronavirus Scams

**Here are some tips to help you keep the scammers at bay:**

- 1** Don't click on links from sources you don't know. They could download viruses onto your computer or device.
- 2** Watch for emails claiming to be from the Centers for Disease Control and Prevention (CDC) or experts saying they have information about the virus. For the most up-to-date information about the Coronavirus, visit the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO).
- 3** Ignore online offers for vaccinations. There currently are no vaccines, pills, potions, lotions, lozenges or other prescription or over-the-counter products available to treat or cure Coronavirus disease 2019 (COVID-19) — online or in stores.
- 4** Do your homework when it comes to donations, whether through charities or crowdfunding sites. Don't let anyone rush you into making a donation. If someone wants donations in cash, by gift card, or by wiring money, don't do it.
